

The event aims to present best practices, tools, and resources useful for the care and support of trauma recovery for women victims of violence

- 1 Explore best practices in managing complex trauma
- 2 Reflect on the role of shelters in addressing the evolving needs of women
- 3 Build a network among professionals in the field with a trauma-oriented approach

Target Audience

Social workers, educators, lawyers, healthcare and legal personnel, doctors, psychotherapists, researchers, teachers, university students, and anyone involved, in various capacities, in supporting women with experiences of violence and complex trauma
